

WARRINGTON PHOTOGRAPHIC SOCIETY

Monthly Competition

Preparing Projected Digital Images

1. The competition is open to members of the Warrington Photographic Society.
2. Each member may submit an entry of up to four images.
3. The member submitting the images must be the author and own the copyright to all elements of the image. The Judge will consider each image separately.
4. The organisers (WPS) cannot accept responsibility for any data problems with CD/DVD or USB flash drive or format of image files. The entrant is responsible for ensuring their files and data is formatted correctly.
5. The images must be in their final file format as defined below. **The competition secretary will NOT perform any manipulation, resizing, or other alterations to the presented images, other than that required to place all of the entries into a single competition folder.**
6. Images must not exceed 1600 pixels in width by 1200 pixels in height. Portrait images must not exceed 1200 pixels in height.
Flattened 8-bit, and saved in the sRGB colour space and as a jpeg file format.
No need to set the resolution as this has been determined by setting the Pixel Dimensions.
The finished file must not be more than 2M in size
Images exceeding these dimensions will be rejected
Images in other formats such as tif, pds or with layers and not flattened will be rejected
7. The image files submitted must be in a folder named as 'Your Name' and image files with-in named in the pattern of: **1_Title, 2_Title, 3_Title**, where **1** is the number of your image (UNDER_SCORE) is the separator and **title** is the name of your image. This naming format is to facilitate the use of the DiCentra Competition Software.
8. A digital file of each print entered can be added.
Please use the protocol above, using a separate folder named as **"Your Name P**. This is to facilitate the projection of your print on the day of competition, and administration purposes.
9. It is important that this format is followed, as **folders and image files** not named in this pattern will be rejected by DiCentra.
Save folders on to a CD, DVD disc, or flash drive. **Please ensure no other files or personal information is on your CD/Flash drive.**

10. Please keep the titles to less than 50 characters including the number as they will not write to CD/DVD or USB flash drive correctly
